

# WATER EDUCATION DELIVERED

*Free Resources Sent Straight to Your Classroom*

## One Drop at a Time

*FREE Education Resources for Teachers*

It's the start of the new school year, a time filled with excitement, stress, and everything in between. Wherever you find yourself, EVMWD is here to partner with you in your water education efforts - one drop at a time! Our programs make it easy to teach about the water cycle, conservation, careers in the water industry, and more.

Water fits in to the California State Standards including physical sciences, life sciences, earth sciences, investigation and experimentation, and even some history standards. EVMWD offers a wide range of free materials and resources you can integrate into your lesson plans. Presentations, posters, teacher/activity books and digital resources are available to you at no cost.

Learn more about resources we offer in this newsletter and visit [www.evmwd.com/education](http://www.evmwd.com/education) to place an order.

Questions? Reach out to Kaitlyn Wu at [kwu@evmwd.net](mailto:kwu@evmwd.net)!

## Facility Tours

EVMWD's virtual tours offer an inside look at our water quality laboratory and wastewater treatment plant, showing how water is tested, treated, and monitored. A live Q&A session then gives students a chance to ask questions and learn more about specific points of interest!

EVMWD also partners with Metropolitan Water District (MWD) for tours of Diamond Valley Lake. For additional information, contact Blanca Biller at [bbiller@mwdh2o.com](mailto:bbiller@mwdh2o.com) or visit [www.mwdh2o.com/education](http://www.mwdh2o.com/education).

## Careers in the Water Industry

EVMWD's career program for grades 6-12 highlights the many possibilities within the water industry, covering a wide range of experience, interest, and education. EVMWD staff is available for career presentations, career fairs, special projects, and more. Contact [kwu@evmwd.net](mailto:kwu@evmwd.net) for details.

## Classroom Presentations

EVMWD partners with Discovery Cube and Western Municipal Water District to bring assembly programs to K-5 classrooms, focusing on the water cycle and conservation. The presentations are crafted to meet educational state standards for students in a fun and interactive way. Space is limited, so reserve early!

## Water Education Grants

The Krieger Water Project Grant for Educators is an exciting program that provides funding (up to \$1000) for K-12 teachers to implement water-related projects and programs. Visit [www.wmwd.com/scholarships](http://www.wmwd.com/scholarships) for more information and entry guidelines.

## Teacher Workshops

Throughout the year, EVMWD offers special workshops and resources especially for teachers. Workshops are free and have limited availability. For direct notices about workshops, please contact Kaitlyn Wu at [kwu@evmwd.net](mailto:kwu@evmwd.net).

## Education Bundles

EVMWD offers free education bundles with curriculum, teacher guides, posters and more. Request yours online at [www.evmwd.com/education](http://www.evmwd.com/education)!

## "WATER IS LIFE" POSTER CONTEST

Each year, EVMWD hosts the "Water Is Life – Use It Wisely" poster contest for **K-5 students**. Winners are honored at a special ceremony at EVMWD headquarters and receive prizes. Students also have the chance for their artwork to be featured in the BeWaterWise.com calendar and to attend an award

ceremony at Metropolitan Water District of Southern California! Poster orders must be placed by **September 24, 2021** in order to participate in this year's contest. For details, visit [www.evmwd.com/education](http://www.evmwd.com/education) or email [kwu@evmwd.net](mailto:kwu@evmwd.net).
