

# DIAMOND REGIONAL SEWER LIFT STATION AND DUAL FORCE MAINS PROJECT UPDATE

Elsinore Valley Municipal Water District (EVMWD) recently began construction for the Diamond Regional Sewer Lift Station and Dual Force Mains Project. The project involves construction of a sewer lift station and approximately 3,400 linear feet of new, parallel sewer pipelines (force mains). Construction began in October 2024 and is anticipated to be completed by October 2026.

*Project highlights include:*

## Sewer Lift Station

- Dewatering system installed
- Sheet piling/tie backs/bracing being installed
- Excavation for structure underway

## Dual Force Mains

- 26" and 18" dual force mains 80% installed in Diamond Circle
- Microtunneling under San Jacinto River starting mid-January.

**Sewer Lift Station Excavation**

**Sewer Lift Station Shoring**

**Dual Force Mains Construction**

For any questions, please call our construction hotline at 800-284-4808 Monday through Friday from 8 a.m. to 5 p.m., or email [Diamondsewer@evmwd.net](mailto:Diamondsewer@evmwd.net).

*We are committed to completing the project as quickly as possible; the construction schedule is subject to change based on weather, material shortages or unforeseen circumstances. We will keep affected stakeholders updated should there be timeline adjustments. Thank you for your patience during construction as we work to enhance EVMWD's sewer system.*
